

CENTRAL COAST MONTESSORI

# Annual Report 2020

THEME 1

## MESSAGE FROM THE PRINCIPAL & BOARD CHAIR

THOUGHTS FROM TWO SCHOOL KEY BODIES

This Annual Report provides an overview of the aspirations and achievements of the Central Coast Montessori Community and an opportunity to bring into focus the evolution of our shared vision throughout the course of the year.

CCMPS is a young school, with a passionate, supportive and committed group of people learning and growing through daily communion. In little over four years together, we continue to experience the evolution of a dream...to make a Montessori inspired, forward thinking, learning experience possible on the Central Coast.

We continue to embrace the position we find ourselves in and feel increasingly excited by the many possibilities that lie before us. It would be safe to say, that we envision a future of collaboration, innovation and contribution with all the members of our community and the greater collective.

# ABOUT CENTRAL COAST MONTESSORI PRIMARY

CONTEXTUAL INFORMATION ABOUT THE SCHOOL AND CHARACTERISTICS OF THE STUDENT BODY

### General

CCMPS is a non-denominational and co-educational Montessori primary school currently registered in for children from years K – 6. Our school is based on and inspired by the educational model (pedagogy) developed by Dr. Maria Montessori. The school is located in the beachside suburb of Bateau Bay in a residential area. We have transformed a community centre into a prepared learning space and are fortunate to back onto a reserve. In 2017 we opened our doors with 17 students, 2020 saw us reach 40, our aim is to have between 55 and 60 students at maximum capacity in 2022.

Whilst we strongly believe in the principles Montessori puts forth as a philosophy for life, we are strong advocates for on-going exploration. We strive not to be limited by our interpretation and understanding of said pedagogy but approaching it always as a dynamic, creative process, a process that values and respects that other beautiful ideas exist and that we must collaborate, innovate and grow to truly thrive.

CCMPS is comprised of a diverse range of people which sees cultures from five continents represented through family heritage. We take the approach (in keeping with Montessori pedagogy) that each child is an individual and thus learns differently. We strive to prepare environments and develop a culture that is not only respectful and supportive of these differences but celebrates them.

Like all schools, 2020 saw us face and learn from new and unique set of challenges. Together, we adapted, we examined, pivoted and grew.

CCMPS is registered with NESAS (New South Wales Education Standards Authority) and is a member of (AIS) the Association of Independent Schools.

## ABOUT CENTRAL COAST MONTESSORI PRIMARY

CONTEXTUAL INFORMATION ABOUT THE SCHOOL AND CHARACTERISTICS OF THE STUDENT BODY

### Our History

CCMPS was founded in 2016 and opened its doors for the first time in February 2017. The demand for a Montessori Primary school on the Central Coast had been present for numerous years. Finally, a committed group of people came together to pioneer this initiative. Through the work and support of a relatively small community, their extended family/friends and Central Coast Council, a space was found, and enough money raised to set up the school.

### Our Goal, Vision, Purpose OUR "WHY"

Our goal is to prepare an environment rich with stimulus that supports the developmental needs of each individual...children, parents and guides alike. A place where mindfulness, compassion and reverence are deeply valued and where the commitment to growth is ever-present. A place that helps children understand the interconnected nature of life and the responsibility we all have to ourselves, to one another and to our environment.

Our aim is to create a space within which children will grow in size, in mind and in heart, a place where they will understand the notion of service, be free to innovate, be supported to sing their own song and dance their own dance.

### THEME 3

## NAPLAN ASSESSMENT PROGRAM

STUDENTS OUTCOMES IN STANDARDISED NATIONAL LITERACY & NUMERACY TESTING

The National Assessment Program (NAPLAN) is a test that provides a measure of students' performance against pre-established standards and against other students in Australia. The purpose of this test is to provide information to parents and teachers about the achievements of students in aspects of Literacy and Numeracy.

The Commonwealth Government sets minimum acceptable standards for literacy, numeracy, reading, writing, grammar, punctuation and spelling at particular ages. For primary aged children the ages are Year 3 and Year 5. Each year the results from these tests can be analysed by schools to inform teaching staff of student performance in literacy and numeracy.

In 2020 students across Australia didn't participate in the National Assessment Program due to COVID.

# TEACHER PROFESSIONAL LEARNING, ACCREDITATION & QUALIFICATIONS

## Professional Learning

In 2020 staff participated in fortnightly professional learning sessions in conjunction with staff meetings. Discussions included but not limited to, Workplace Health & Safety, child protection, communication and curriculum. Each teacher is involved in classroom observations where feedback to improve is given.

In addition, staff undertook the following professional development activities throughout 2020.

Description of the Professional Learning Activity	Number of Staff
CPR Training	11
Child Protection Online Module	11
Orton Gillingham - Reading Techniques Training (40hrs)	2
Governance Online Modules (Board Members)	4

## Teacher Accreditation

Level of Accreditation	Number of Teachers
Provisional	1
Proficient Teacher	2

Accreditation status of all teaching staff who are responsible for delivering the curriculum.  
(as defined by the Teacher Accreditation Act 2004)

# TEACHER PROFESSIONAL LEARNING, ACCREDITATION & QUALIFICATIONS

Teacher Qualifications	Number of Teachers
<i>i. Teachers having teacher education qualifications from a higher education institution within Australia or as recognised within the National Office of Overseas Skills Recognition (AEI-NOOSR) guidelines or;</i>	3
<i>i. Teachers having a bachelor's degree from a higher education institution within Australia or one recognised within the AEI-NOOSR guidelines but lack formal teacher education qualifications.</i>	0

*\*Note that the number of teachers falling within these two categories may not sum to the total number of teachers as reported in the previous accreditation table as some teachers with Conditional accreditation may not be included.*

## STUDENT ATTENDANCE RATES

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Whole School
90%	91%	86%	89%	96%	91%	90%

For whole school student attendance rates please refer to the school's data on the My School website:  
<https://www.myschool.edu.au/school/52434/attendance>

### Management Of Non-Attendance

Regular attendance at the Central Coast Montessori Primary School is important and essential to assist students to maximise their potential. Parents must ensure their children attend school every day.

#### Unexplained Absences

The Principal in conjunction with the Head Guide for each environment (classroom) is responsible for ensuring that all unexplained absences are promptly followed up. At the end of each day the Head Guide for each environment will send 'notification requests' to parents/guardians via Transparent Classroom asking them to 'submit an explanation, also submitted via Transparent Classroom, of their child's absence within seven (7) days.

These absence 'notification requests' remain open and accessible on Transparent Classroom to parents/guardians for seven (7) days from the date of the unexplained absence. The Head Guides are able to see a list of any outstanding 'notification requests' at any stage by logging into Transparent Classroom. Parents/guardians will receive an automated reminder after six (6) days if the form hasn't been submitted. After seven (7) if the form hasn't been returned by the parent, they will be contacted directly either by email/phone/in person to receive an explanation for the absence. It is the policy at CCMPS that all unexplained absences will be followed up.

## THEME 7 (CONTINUED)

# STUDENT ATTENDANCE RATES

### Unsatisfactory Attendance

CCMPS classifies *unsatisfactory attendance* or *non-attendance* as consistently late attendances, unjustified absences, unexplained absences or absences without a valid explanation approved by the Principal. Students absent for more than 10 days in one term are considered to have unsatisfactory attendance.

The Head Guide will promptly bring to the attention of the Principal any unsatisfactory attendance in the form of a written record of the non-attendance which will be transferred to the students file. All communication between CCMPS staff regarding a student and their unsatisfactory attendance will be recorded, as appropriate, and placed in the students file.

### Notifying Parents/Guardians of Unsatisfactory Attendance

After consultation between the Head Guide and the Principal regarding the student's unsatisfactory attendance, the Principal will contact the parent/guardian to have a verbal conversation regarding any concerns and offer support to allow the student to return to school as often as possible.

CCMPS acknowledges that resolution of attendance difficulties may require a range of additional school-based strategies and support. The parent/guardian will also be asked at this stage to sign a statement acknowledging their legal obligations to ensure the student attends school as often as possible.

If the absenteeism or late arrival does not improve, an email will be sent to the parent/guardian outlining the legal obligations of both CCMPS and the parent/guardian to ensure that the student can attend school as often as possible. The email will also notify the parent/guardian of CCMPS' mandatory reporting procedure.

## THEME 8

# ENROLMENT POLICY

The Central Coast Montessori Primary School (CCMPS) is a small non-denominational and co-education school for children from K to Year 6.

Enrolment into CCMPS is pending the application process. All enrolment applications are processed in order of receipt, with the exception of;

- current siblings
- children transitioning from our partner Montessori stage 1 environment or
- transferring from other Montessori schools
- consideration is also given to the applicant and families support for the Montessori pedagogy and the applicant and families desire to commit to a 6-year Montessori primary education.

Sufficient buffers will be left to accommodate possible new enrolments who fall into the above exception categories throughout the school year. Other criteria such as gender and age to maintain balance in the classroom and whether the school is able to best support the applicant's needs are also considered.

The application process differs slightly for children transitioning from a Montessori stage 1 environment to children applying from non-Montessori schooling. All the requirements are the same, however the order of some of the steps differ due to the families already having a sound knowledge of the Montessori pedagogy and the applicant already having experience in a Montessori environment.

## THEME 8 (CONTINUED) ENROLMENT POLICY

The application process for entry into CCMPS includes, but is not limited to; attending an *information session* prior to making an application for enrolment, completing an *application for enrolment* form along with required attachments (school reports, teacher references, specialist/medical reports), attending a *classroom observation*, attending an *interview* with the Principal and the student attending *trial visit day/s*. Pending review and analysis by the enrolment committee of each of these requirements of the application process and a place being available an *offer of place letter* will be sent out, along with an invoice for a non-refundable *enrolment placement fee*. An offer of place letter cannot be sent out until all of the requirements have been met, however, if CCMPS is unable to offer a place for the applicant they can be notified in writing at any stage of the application process.

Children with additional needs are considered on an individual basis keeping in mind the standards of the *Disability Discrimination Act 1992* and *Disability Standards for Education Act 2005*.

International fee-paying students may apply for enrolment at CCMPS. However, the visa status of non-Australian citizens will be checked with regard to additional fees necessary to be paid in the absence of the student's eligibility to receive Government funding.

Where a parent wishes to appeal against the decision of the enrolment committee, the appeal should be made in writing to the Principal. The Principal will seek to resolve the matter, where the purpose of the appeal is to determine whether the stated criteria have been applied fairly.

Continuing enrolment at CCMPS is dependent on the students and parents/guardians complying with the School's policies and procedures including, observing all behavioural codes of conduct, the student attending on each day that instruction is provided, keeping up to date with tuition fee payments and other requirements of the School which are applicable from time to time. Once enrolled, students and parents are also expected to support the Montessori pedagogy, including attending school information sessions and school community events.

## OTHER SCHOOL POLICIES

At the Central Coast Montessori Primary School (CCMPS), the primary goal is to nurture in children their natural love of learning and their desire to develop intellectually, emotionally, socially and spiritually. CCMPS seeks to provide a safe and supportive environment which:

- Minimises the risk of harm and ensures students feel secure
- Supports the physical, social, academic, spiritual and emotional development of students
- Provides student welfare policies and programs that develop a sense of self-worth and foster personal development.

When developing policies and procedures for CCMPS the main objective is to promote a learning environment where staff and students are mutually supportive. Where staff and students respect each other and not engage in conduct which undermines this mutual trust and support. Staff and students are expected to respect the philosophy and ethics of the School and work cooperatively together. The School also encourages consultation between parents and members of the school community in matters which affect them.

## SCHOOL DETERMINED PRIORITY AREAS FOR IMPROVEMENT 2020

### Policy & Procedure Development

To continue reviewing, reflecting, refining and contextualising CCMPs policies and procedures.

As time passes, not only has our practical understanding of our site become clearer but our vision has naturally evolved. 2020 has continued to see us develop a culture of deeper policy review. This work is on-going and remains a priority.

### Compliance & Regulatory Requirements

Carrying on from our inception, we strive to deepen our understanding of all compliance and regulatory requirements. We continue to review our approach to meeting the above.

Greater fluidity has been established. Management continue to develop systems and broaden scope that enable the 'team' to maximise their capacity to be active participants in daily communal life. Participating in cooking, sports, outings and projects over and above being office bound.

### Refining Curriculum, Programming, Tracking, Reporting

An on-going school goal is, and will continue to be, to review and refine our programs and tracking documents/methods.

Educators continue to work collaboratively to refine our curriculum documents for all KLA's. We have made considerable progress in recent years. The unique challenges this year presented had us exploring new platforms, delivery methods, inclusivity and more over the deeper integration of learning into daily life.

### "Going-Out" Program

This forms a crucial part of the Montessori Primary program. It provides an intentional and personal extension for the students. This was somewhat stifled throughout parts of 2020

Whilst in many ways stifled, in many others this possibility was also further liberated as renewed constructs saw learning happen formally and informally, families explored, shared and examined local beaches, parks and walks as restrictions eased...as many parents were working from home, more 'going-outs' took place.

## SCHOOL DETERMINED PRIORITY AREAS FOR IMPROVEMENT 2020

### Facility Development & Beautification

To continue to beautify and improve the school site.

Significant physical improvements were temporarily halted for large parts of 2020 due to periods of uncertainty.

### Future Development Planning

Looking into the future, the long-term stability and growth of the school along with the future place and purpose of our school.

Periods of 2020 also saw some hiccups and challenges as other initiatives and projects required a significant investment of energy and time.

### Communication & Community Engagement

We are committed to exploring ways to not only bring the community closer together but also to delve into the individual and collective needs of all community member as we strive to serve life.

2020 saw the need for a new kind of understanding and community engagement on many levels. Our resolve throughout was to remain a strong foundation for the community, holding space for life to unfold in the many and diverse ways it did. 2020 saw the beginnings of the evolution of what education establishments can and must become... Central Community Support Hubs.

### Collaborative Staff Development, Reflection & Growth

Identifying the need for personal nourishment, support and growth for all staff.

Through conferencing and small gatherings (many via zoom), we continued to strengthen the foundation of a culture of sharing, vulnerability and growth.

## THEME II

# INITIATIVES PROMOTING RESPECT & RESPONSIBILITY

### The Pedagogy/Cosmic Education

Maria Montessori's goal was Education for World Peace. She saw the child as the 'hope and promise' for the future. This was her life's work and fundamental purpose. The curriculum she developed revolved around the holistic development of the human being through a process that saw each and every person not only as part of an interconnected whole but as a valuable individual with a cosmic contribution to make. The Pedagogy of Dr. Maria Montessori in modern day parlance is, in essence a practice in daily mindfulness. At the core of the philosophy is a sense of reverence and responsibility, of value and connection.

## INITIATIVES PROMOTING RESPECT & RESPONSIBILITY

### A Cooperative Culture

CCMPS supports this period/developmental time of sensitivity to morals and justice by helping students to work harmoniously with peers and guides through cooperative, contextual and integrated experiences. The opportunity exists daily for all students to take responsibility for themselves, one another and the environment. Children continuously have the opportunity to demonstrate their skills when working with one another in sporting activities, school performances and cooking demonstrations. They are also able to share their chosen area of interest in the classrooms, offering and being offered demonstrations and presentations.

Collaboration is woven into the very fabric of the learning experience and the student's embrace it as part of their everyday life (along with its challenges)

The notion of a shared experience was also a key focal point and at the foundation of our lockdown delivery strategy. Padlet, an online platform formed the basis of the majority of our cooperative endeavours.

### The Adult/Guide and The Prepared Environment

The adult/guide not only prepares themselves to act as a role model, aware of their attitudes to life, use of thoughtful language, they also prepare the environment ready to cater to the development needs of the growing human being, an environment rich with stimulus (materials) that represent keys to the greater world.

The adult in this prepared environment is in effect 'in service of' the child/student who in turn learns that each of us, is in fact in the service of humanity and on a lifelong journey striving to realise our potential and ultimately make a cosmic contribution.

### The Method and Material

The method is about supporting the growth of each individual and the development of their understanding of self and community.

Children at CCMPS are presented exercises in Grace and Courtesy from a young age to bring their awareness to positive social interaction and this thread is then picked up in later years during a time of sensitivity to morals, to justice and to community.

Montessori looks to the study of Fundamental Human Needs, the telling of Great Stories and the use impressionistic charts to highlight the interconnected nature (interdependence) of life. The stories set the scene for students to begin to develop a sense of existence over time and the importance of all things. This process offers not only the opportunity for students to gain perspective, but more importantly to develop a deeper sense of gratitude and reverence...

## THEME 11 (CONTINUED) INITIATIVES PROMOTING RESPECT & RESPONSIBILITY

### A Respectful Culture

Our school is multi-cultural and inclusive, we encourage students to explore learning opportunities that encompass diverse cultural backgrounds and beliefs. In 2020 our school would have normally participated in activities such as our annual Cultural Day which encompasses Harmony Day celebrations, Grandparents Day and various national cultural celebrations including Chinese New Year. These occasions are intended to acknowledge and celebrate, family, community, culture and develop understanding, acceptance and peace. This year saw respect, empathy, compassion, possibility and passion of a different kind, very diverse and very close to home

Education of the Individual is the basis for Montessori in practice. The very way that each day is approached sees students within a mixed age classroom actively supporting and guiding one another. Each member is involved in decision making and planning. The environment is a dynamic microcosm of the world that sees some exploring, others reinforcing, groups experiencing new ideas and socialising. Together, in the classroom, we form a family .... a family that supports and challenges one another.

This year, this experience was brought to a new level as suddenly a bridge began to be built between school and home as daily routines, habits and constructs were disrupted and shaken and new challenges along with possibilities came to the fore.

## PARENT, STUDENT & TEACHER SATISFACTION

Being a small school with 40+ enrolments, direct communication is regular and manageable with all community members. Discussions/conferences formal and informal take place with students, their families and with staff as and when required.

The community which makes up CCMPs (the students, educators and parents) will inevitably make mistakes as the school develops and grows. Life is comprised of ebbs and flows however, the manner with which our community collectively chooses to address challenges that arise will in effect determine/define who we are, our identity.

Our responsibility is not to please others, but to learn to respect others perspectives/world views, to understand that we are all on a unique journey and that if we come from a place of compassion and honesty, if we are committed to not only growth but to self-reflection, then ultimately the culture we will create, will support self-expression and an acceptance that there will be times of dissatisfaction. However, through understanding, cohesion and collaboration we can work through challenges accepting that the culture at CCMPs will resonate for some but not for others and that makes neither right nor wrong.

The idea of satisfaction is multi-layered and not a permanent state. It may be influenced by many things. Most importantly for the goal of community satisfaction to be achievable, there must exist a culture of openness, inclusivity, understanding, acceptance, humility and reflection.

## THEME 12 (CONTINUED) PARENT, STUDENT & TEACHER SATISFACTION

### Parent Satisfaction

Families have been integral to the conception of the school. The creation of CCMPS is a response to community need and an interest in what Montessori offers humanity that saw the school come into being.

In 2020, parent participation and commitment to the school continues to be welcomed and encouraged. As a small community school, we actively seek to involve parents in the school, the level of involvement and engagement is high and discussions throughout the year indicated that parent satisfaction is extremely positive.

CCMPS provides regular community touch points, including, morning teas, men's gatherings, observations, women's circles to name a few. The Principal has an open-door policy with our parent community and consistently meets with parents on an individual basis as requested.

## THEME 12 (CONTINUED) PARENT, STUDENT & TEACHER SATISFACTION

### Student Satisfaction

Students at CCMPS have the opportunity not only to be involved in decision making daily, but scope to direct their learning and the extensions that come from that. They manoeuvre in the environment with great comfort and sense of belonging.

It is important at CCMPS that students feel they are treated fairly and can talk to guides about their concerns. Students meet daily as a group to discuss issues and seek solutions to problems that may arise from time to time.

All student expectations are also set in correspondence with them. Student involvement in these activities would suggest that student satisfaction is high throughout the school.

The events of 2020 saw many children hold an even deeper appreciation for the school and the extended family to which they belong.

### Guides Satisfaction

Guides at CCMPS have the opportunity to air any concerns as well as express their level of satisfaction with their employment at their bi-annual reflection meetings with the Principal. Throughout 2020, regular meetings became an essential part of successfully navigating many schooling firsts. The size of the school and culture of close collegiality provide staff with the opportunity to raise concerns as required.

Once again, the Principal's open-door policy ensures that all staff have the opportunity to discuss educational or personal issues as the need arises. Informal feedback from teachers, discussions with the Principal and school manager and excellent staff retention indicates during 2020 staff were generally very satisfied in all areas of the school, particularly in terms of job satisfaction and organisational commitment.
